

IQAC NEWSLETTER

HOLY CROSS COLLEGE (Autonomous), Nagercoil.

Re-Accredited by NAAC with A Grade with a CGPA of 3.34

Affiliated to Manonmaniam Sundaranar University, Tirunelveli.

Vol. 11 No. 2

June 2019

From the Principal's desk ...

Achievement never comes in a lightning bolt of inspiration; it comes after countless hours of toil. With a great sense of achievement and gaiety, I extol this IQAC newsletter which brings to us a bird's eye view of different enterprises that transpired on campus as it is responsible for the overall development of the basic infrastructure of Higher Education sector, both in terms of policy and planning. Heading towards progression, and transition to a learner-centered paradigm of education and reforms in governance, every year, the IQAC brings forth productive activities that result in the holistic development of both the teachers and the students.

Learning is a continuous process and the college hopes to envisage a better learning experience wherein every individual is given equal opportunity in terms of Choice Based Credit System (CBCS). It caters to the demands of generation Z learners by imparting quality education through digitalization. The institution surfeits the diverse needs integrating teaching and learning in the right proportion. The curriculum and syllabi has been designed to harness the current demands of the learners.

The release of the newsletter is a mixture of joy born of new knowledge, quality initiatives and sustenance. The artistic and critical sensibilities of the editors find expressions through this compilation. This venture is undertaken by the IQAC team of our college which can derive much for this issue that sheds more light on the talents of the student fraternity too. I extend my hearty wishes to all the members of the IQAC for their untiring exertions towards quality initiatives in which this newsletter is an integral part encompassing even the little bustle in a nut shell.

Dr. Sr. Anne Perpet Sophy
Principal

From the Editorial desk...

Higher Education at all levels is embedded with innovation and technology apart from deliberation on research. Theoretical knowledge and practical expertise are being imparted to the teachers and the students through the IQAC as the system needs substantial improvement. It concentrates on giving away quality inputs constantly to the students. To begin with, the institution is so keen in making education liberal by introducing new pedagogies and applied research work. The IQAC attempts to guide and mentor the expectations of the students and the parents.

The team takes this opportunity to express an immense sense of gratitude and happiness over the work entrusted to bring out the June issue of the IQAC newsletter consisting of a panorama of activities highlighting the critical and academic endeavours of the teachers and scholars while pursuing their course of study pertaining to their area of interest. With all specifications and rules, the college has given the right kind of ambience to make it a student friendly environment so that the youth find it easy to cope with the global challenges.

Internal Quality Assurance Cell promotes inclusive facelift to the institution for the overall development specifically teaching and learning, research and innovation. The IQAC appreciate and congratulate the contributors of the newsletter on their sincere efforts aimed at focussing forth their scholarly views, natural talents inculcated through diverse clubs and committees as the newsletter serves as a platform to showcase the hidden agenda targeting excellence by addressing global needs...

An investment in knowledge pays the best interest
–Benjamin Franklin
